# WHAT WE DO

We specialize in designing, manufacturing, installing and servicing processing equipment for the meat rendering and fish processing industry.

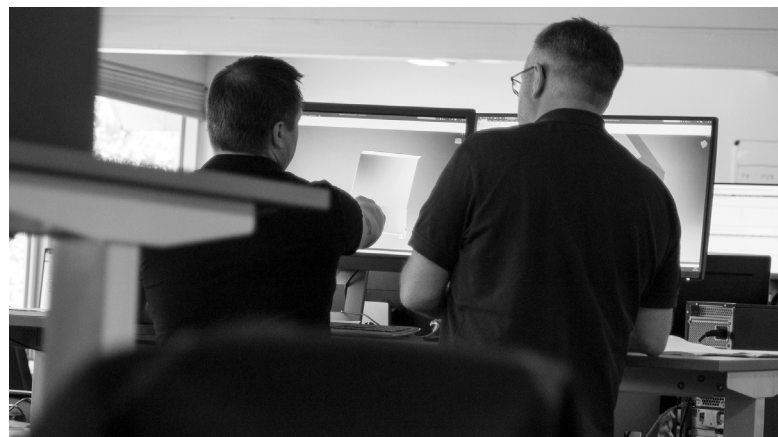

Oestergaard is an expanding business whose dedicated team has more than 40 years of experience in the area. This allows us to serve the rendering industry with cutting-edge knowledge and technology – on a global scale.

We are able to produce any equipment or plant in our large manufacturing facilities in Denmark providing customized solutions for the individual needs of our customers.

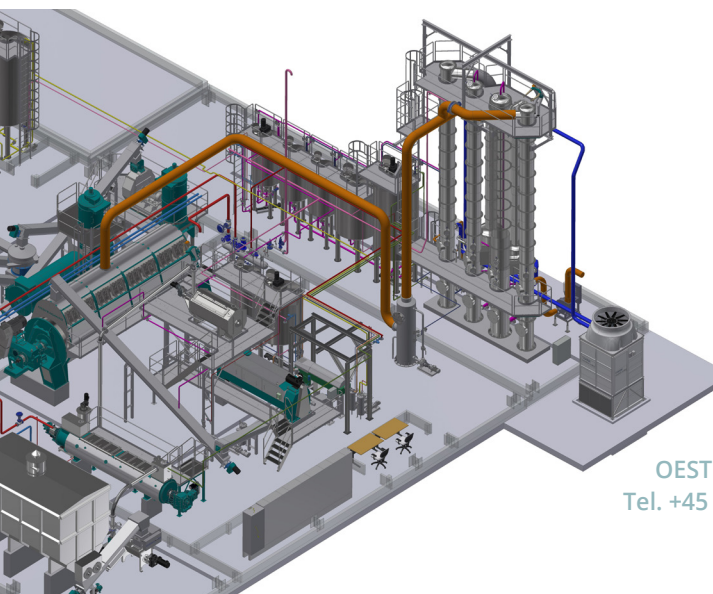

## FROM SINGLE EQUIPMENT TO FULL PLANTS

- Whether you need a single machine or a full setup, we customize the project to fit your needs completely.
- We offer guidance and help throughout the whole process, from pre-engineering to installation and start-up.
- We offer all existing rendering equipment and plants, spare parts, maintenance and repair services.
- We keep up to date in the rendering industry, to make sure we provide modern and efficient products for our customers at all times.

## CUSTOMIZED SOLUTIONS

# SPARE & WEAR PARTS

We can supply  
**ANY PART, ANYTIME, ANYWHERE.**

## ALWAYS READY, ALWAYS CAPABLE

- We offer complete spare parts service including renovation of existing plants and equipment for full support all the way.
- If you need help replacing the spare and wear parts, we are ready to assist. Otherwise, we'll simply send you the necessary parts for you to replace on your own.
- We offer a wide variety of spare and wear parts for rendering equipment.

*We offer spare  
and wear parts for  
equipment of other  
brands as well as  
our own.*

## OTHER SERVICES

If your equipment is beginning to wear out, we will refurbish it for you, either in-house at our facilities in Denmark or on site at your plant. Your equipment will receive a thorough overhaul. We provide on-site assistance for mechanical and process related issues as well, including hands-on mechanical and process related employee training, as required. We offer online assistance with questions concerning PLC or SCADA in our installations.

*We offer a complete overhaul to refurbish worn-out equipment, prolonging its durability.*
